

## AQUALEN® Pond Liner

**AQUALEN®** Pond Liner is environmentally friendly, ecologically compatible, and extremely flexible, enabling it to cope very well with uneven ground. Its eventual recycling or disposal poses no problem at all.

Whether for the garden, natural habitat, commercial or ornamental pond, **AQUALEN®** Pond Liner has excellent mechanical properties which contribute to its very long life. The individual layers can easily be hot-air welded, and its flexibility means placing it is child's play!

**Copolymers:** environmentally friendly, ground-water neutral, ecologically compatible

**Smooth surface:** easy to clean

**Durability:** optimum protection from the sun's rays, 10 years' UV stability

**Resistance:** frost and heat resistant -40°C to +60°C

**Flexibility:** simple to place, easy to weld

**Strength:** very good tear, puncture, root and microbe resistance

**Material:** LDPE

**Film type:** Co-extruded film

**Thickness:** 0.5 mm

**Width:** 6 m and 8 m

**Length:** 25 m or jumbo roll

**Layers:** four

**Why use PVC, when there's a more environmentally friendly option?  
AQUALEN® Pond Liner, the superior solution!**
