

AFOLEN® Premium Underlay Film

AFOLEN® Premium Underlay Film is manufactured using premium-grade additives. As well as offering all the benefits of our standard underlay film, our premium grade underlay has even better mechanical properties. Because it is more elastic, it moulds even better to the surface of the silage. Our premium grade also offers higher security, thanks to its improved puncture resistance.

Material:	LDPE
Film type:	three-layer co-extruded film
Thickness:	0.04 mm
Width:	4 m - 18 m
Length:	50 m jumbo rolls on request
Colour:	translucent green

Mechanical properties:

Dart drop: ASTM D1709	> 120 g	
Tensile strength in N/mm ² : EN ISO 527	longitudinal 25	transverse 24
Tear resistance in %: EN ISO 527	longitudinal > 400	transverse > 650
